Camp Sutton, North Carolina

9 September 1944

PROMETHIANS
c/o Dr. Merze Tate
Howard University
Washington 1, D.C.

Dear Dr. Tate:

We, former members of the 2515 SU AST now stationed at Camp Sutton, North Carolina, have received the initial bulletin concerning the organization of the PROMETHIANS and are very enthusiastic concerning its formation and its future success.

Upon coming to Camp Sutton, North Carolina, all of the men were sent to the 1318th Engineer Regiment. However, since that time, the men were reclassified and sent in groups to various units on the Post. With this fact in mind, we have sought means of reducing the task for you and the council in contacting members of the 2515 SU sent to Camp Sutton and have attached hereto a list of all the men from the 2515 SU that were sent to this station showing their present units and address. In the case that the complete address is not shown, it is advised that all literature concerning the Promethians be forwarded to any member in the same organization of the man concerned.

We find that it is rather difficult to initiate group action here at Camp Sutton because of the fact that many of the units are not on the Post. However, for the present, we have considered the 1318th Engineers as the center of the Promethians until the club can get footing in the units of this camp.

We have taken the liberty to reproduce both the basic bulletin and the membership application form and have forwarded them to other members of the 2515 SU stationed in units of this Post. This unit is willing to reproduce any literature originating from any branch of the Promethians and forward same to members of this Post.

We aim to give this matter our fullest cooperation. On this path-Pierced by the spirit of the Howard 2515 SU AST - Promethians shall progress.

PROMETHIANS
1318th Engineer Regiment
Camp Sutton, North Carolina
